Owner: _____ Phone: _____ Email: _____

Address: _____
(number) (street) (city, town, etc.) (postal code)

Property Information:

Township: _____ Concession #: _____ Township Lot #: _____ Plan #: _____ Sub Lot #: _____

Address or Roll #: _____ Type of Building: _____
(single family house, cottage, duplex, or type of business)

Water Supply: Drilled Well (Depth of Casing _____ metres) Dug or Bored Well _____
 Other (lake, spring, etc.) _____

Describe proposed changes (A building layout and/or a site plan may be required):

Existing Sewage Disposal System

What type of sewage system is serving the premises? _____

What year was the system installed? _____ Owner at time: _____ File Number: _____

Please attach a copy of the **Installation Report/Use Permit** issued for your existing system. If the record of your sewage system is not available and if there is an increase in sewage flow, it will be presumed that the system is not up to Code and a new system will be required. Alternatively, the applicant may engage the services of an engineer (with a BCIN#) to conduct a study on the sewage system for which a permit does not exist. If the system is found to meet all the requirements of the Ontario Building Code, the existing system may be accepted. Contact your Sewage System Inspector to discuss further. A decrease in the "performance level" beyond the capacity of any component in the system would require compensating construction (upgrading).
